## ASSOCIATE DEGREE PIN

## PRACTICAL NURSING PIN

The nursing graduates assembled here this afternoon will become part of history – both of the legacy of Hagerstown Community College’s nursing program and of the tradition of the nursing pin, which dates back more than 1,000 years. Pinning signifies the culmination and attainment of each student’s accomplishments. At the same time, this time-honored tradition pays homage to the highly respected field of nursing and the special kind of graduate it takes to fill the shoes of a nurse. The pin is a symbol of deep love and concern for human life and that the graduate nurse is prepared to provide expert care for the persons placed in his or her charge. It is at once an awesome responsibility and an honor of which each of these graduates is keenly aware.

## THE FLORENCE NIGHTINGALE PLEDGE

I solemnly pledge myself before God and in the presence of this assembly, to pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug. I will do all in my power to maintain and elevate the standard of my profession, and will hold in confidence all personal matters committed to my keeping and all family affairs coming to my knowledge in the practice of my calling. With loyalty will I endeavor to aid the physician in his work, and devote myself to the welfare of those committed to my care.
